SECTION IV
ABOUT THE ISSUER, BRIEF HISTORY OF THE ISSUER SINCE INCORPORATION, DETAILS OF
ACTIVITIES UNDERTAKEN, ANY REORGANISATION, RECONSTRUCTION OR AMALGAMATION

4.1. CONSTITUTION

The Hon'ble Finance Minister of India, while presenting the Union Budget for 2005-2006 acknowledged the need and significance of building adequate infrastructure in the country and made the following announcement:

“The importance of infrastructure for rapid development cannot be overstated. The most glaring deficit in India is the infrastructure deficit. Investment in infrastructure will continue to be funded through the Budget. However, there are many infrastructure projects that are financially viable but, in the current situation, face difficulties in raising resources. I propose that such projects may be funded through a financial Special Purpose Vehicle. The SPV will lend funds, especially debt of longer-term maturity, directly to the eligible projects to supplement other loans from banks and financial institutions. Government will communicate the borrowing limit to the SPV at the beginning of each Financial Year”.

Government of India, accordingly, approved a Scheme for Financing Viable Infrastructure Projects through a Special Purpose Vehicle called the India Infrastructure Finance Company Ltd (the Issuer company), broadly referred to as SIFTI.

Accordingly, the Issuer was incorporated on January 05, 2006 as a wholly owned Government of India company and commenced its operations from April 2006.

The Issuer is a Government of India company and a public financial institution under the Companies Act, 2013. The Issuer is registered with the RBI as a non-deposit taking systemically important NBFC and is classified as an IFC with effect from September 09, 2013. Starting from April 1, 2016, the Issuer is required to follow the applicable provisions of RBI prudential norms for “Systemically Important Non-Banking Financial (Non-Deposit Accepting or Holding) Companies”, as notified from time to time.

On registration as an NBFC-IFC, the company, being a Government owned company, was required to prepare a roadmap for compliance with various elements of the NBFC Regulations in consultation with the Government and submit the same to Reserve Bank of India (Department of Non-Banking Supervision) as directed by RBI vide notification No. DNBS. PD/CC No. 86/03.02.089/2006-07 dated 12th December 2006. In compliance with the requirement, Issuer has vide letter dated 21st November 2014 has submitted roadmap to RBI in compliance with various elements of RBI Regulation w.e.f. 1st January 2015.

4.2. CHANGES IN THE REGISTERED AND CORPORATE OFFICE

The registered office of the Issuer at the time of incorporation was situated at 1201-1207, Naurang House, 21 Kasturba Gandhi Marg, New Delhi 110 001. Subsequently, on June 15, 2010, the Registered Office of the Issuer was shifted to 8th Floor, Hindustan Times Building, 18 & 20, Kasturba Gandhi Marg, New Delhi 110 001 and thereafter on January 01, 2019 the Registered Office of the Issuer shifted to the present address i.e. Plate A & B, 5th Floor, Office Block 2, NBCC Towers, East Kidwai Nagar, New Delhi-110 023, India.

Except as above, there has been no change in the registered office of the Company.

4.3. MAJOR EVENTS AND MILESTONES

A. Recognition and Awards:

The Issuer received the GOVERNANCE NOW 7th PSU AWARD for COMMUNICATION OUTREACH on 19th February 2020. The Award was presented by Sh. Arjun Ram Meghwal Hon'ble Minister of State for Parliamentary Affairs & Heavy Industries and Public Enterprises.

B. Record Performance:

Issuer posted a record performance, with highest ever annual Sanctions and Disbursements since its inception at Rs. 30,315 Crore and Rs. 14,784 Crore, respectively till December 31, 2023 for the Fiscal Year 2023-24. On a cumulative basis, Issuer has crossed Sanctions and Disbursements of Rs. 2,43,693 Crore and Rs. 1,20,432 Crore respectively as on December 31, 2023. IIFCL has provided sanctions to around 750 projects with a total project outlay of Rs.12.95 lacs crore. Issuer recorded stand-alone Profit after Tax (PAT) of Rs. 1020 crores during the Financial Year 2023-24 till December 31, 2023, as compared to. Rs. 1076 Crore in the previous fiscal year i.e. 2022-2023. The Net worth increased to Rs. 13,831 Crore as on December 31, 2023 from Rs. 12,878, Crore as on March 31, 2023.

4.6. SUBSIDIARY

A. India Infrastructure Finance Company (UK) Limited (IIFC (UK)):

IIFC (UK), a wholly-owned subsidiary of IIFCL, was set up in April 2008 to provide financial assistance in foreign currency, for the import of capital equipment, to companies implementing infrastructure projects in India. Till December 31, 2023, IIFC (UK) has made cumulative loan sanctions of USD 4,858.64 million and cumulative disbursements of USD 2,262.69 million till December 31, 2023.

India Infrastructure Finance Company (UK) Limited was incorporated with the Registrar of Companies of England and Wales at London in February 2008 [Company No. 6496661] under the UK Companies Act, 1985 to lend to Indian companies implementing infrastructure projects in India, or to co-finance their External Commercial Borrowings for such projects, solely for the capital expenditure outside India. The company is registered with Financial Services Authority of UK as Annex-I Financial Institution for the purpose of compliance with UK Money Laundering Regulations 2007. The authorised capital of IIFC (UK) Limited is USD 500 million and the current paid up capital of the Company is USD 100 million.

B. IIFCL Projects Limited (IPL):

IIFCL Projects Limited was set up in February 2012 with the objective to provide advisory services to Central/ State Government, local bodies and other stakeholders for promotion and development of infrastructure in India. The establishment of IPL stems from the backdrop of identifying and conceptualizing good bankable infrastructure projects and for attracting private capital.

Today, the company caters to the demand for Financial advisory, Transaction advisory, Policy advocacy and Syndication services in the infrastructure space with deep understanding of sub sectors across Road, Power, Airport and Port sectors which are majorly structured on PPP basis. IPL has advised and appraised infrastructure projects with an aggregate project cost of more than 1.20 lakh crore across these sub sectors. IPL is presently executing programmes with State Departments/Authorities of Meghalaya, Tamil Nadu, Manipur and Mumbai for conceptualisation and implementation of projects mainly in Urban Infrastructure, Tourism and Environment. Recently, the Company has forayed into sectors of Space and MSME with mandates from New Space India Limited and Ministry of MSME.

The paid-up capital of the Company is Rs.4.75 crore and net worth as on 31 December 2023 is Rs.26.01 crore.

C. IIFCL Asset Management Company Limited (IAMCL):

India Infrastructure Finance Company Limited (IIFCL) had established IIFCL Mutual Fund (IDF) as a Trust on 17 August 2012 in accordance with the provisions of the Indian Trusts Act, 1882 with IIFCL as the Sponsor. IIFCL Asset Management Company Limited (IAMCL) is a Public Limited Company incorporated under the Companies Act, 1956 on 28 March 2012 and is a Wholly Owned Subsidiary of IIFCL.

IAMCL was appointed as an Asset Management Company (AMC) of the IIFCL Mutual Fund (IDF) by the Trustees vide Investment Management Agreement (IMA) dated 17 August 2012 executed between the Board of Trustees of IIFCL Mutual Fund (IDF) and IIFCL Asset Management Company Limited.

Board of Trustees of IIFCL Mutual Fund (IDF) in their meeting held on January 31, 2023 had decided to prematurely wind up both the existing scheme(s) of IIFCL Mutual Fund (IDF) under SEBI (Mutual Funds) Regulations, 1996 inter-alia on account of higher compliance cost and inability to comply with SEBI (Mutual Funds) Regulations, 1996 and Circulars and Guidelines applicable for Infrastructure Debt Funds by IIFCL Mutual Fund (IDF) and IIFCL Asset Management Company Limited. Further, the Unitholders of both the IIFCL Mutual Fund (IDF) schemes had also approved the pre-mature winding-up of the IDF Mutual Fund Schemes with requisite majority in their respective meeting held on March 15, 2023. 6.3 Vision

"Provide innovative financing solutions to promote and develop world class infrastructure in India."

6.4 Mission

"To adopt best practices in financing infrastructure and develop core competencies in facilitating infrastructure development.

Develop a team of highly engaged employees to deliver services in a professional manner and to the satisfaction of all stakeholders."

6.5 Business Strengths

Issuer believes that the following are its primary strengths:

Strong Government of India (GoI) support and relationships with government entities:

Issuer being a wholly owned government company and controlled by GoI and its ownership and position as a policy based institution for promotion of infrastructure development has helped in shaping the contours of infrastructure financing in the country. It has been able to supplement the available long term resources for infrastructure by authorized funds from the domestic debt market, domestic financial institutions and the multilateral and bilateral institutions into infrastructure projects. The introduction of takeout finance and refinance schemes are aimed at addressing the constraints faced by the banks while lending to infrastructure projects and to facilitate incremental credit flow to the infrastructure sector.

Well-developed relationships with banks and financial institutions:

Issuer has well-developed relationships with multilateral and bilateral financing institutions, domestic financing institutions as well as scheduled commercial banks. It believes that these relationships enables the Issuer to encourage an increased flow of long-term capital, including foreign capital, into infrastructure projects in India and also enable it to play a key role in developing and introducing innovative financial products and structures to allow a broader cross section of lenders and investors to participate in infrastructure financing in India.

Financial strength

The Issuer has improved profitability with a Standalone Profit After Tax (PAT) of Rs. 1076 Crore and Consolidated PAT of Rs. 1217 Crore in Financial Year 2022-23, exhibiting a significant improvement over last year. During the year, the Issuer posted record performance with highest ever sanctions and disbursements at Rs. 29,171 Crore and Rs. 13,826 Crore, respectively, on a standalone basis.

The significant highlights of the Company's performance over last three Financial Year is summarized below:

Particulars	Rs. in Crore			
	FY 20-21	FY 21-22	FY 22-23	% Y-o-Y Change
Profit Before Tax (Consolidated)	355	717	1463	104.1%
Profit After Tax (Consolidated)	325	639	1256	96.5%
Profit Before Tax (Standalone)	315	590	1277	116.4%
Profit After Tax (Standalone)	286	514	1076	109.3%

The Issuer has been offering its financial support to the infrastructure sector through the following products/services:

i. FOR GREENFIELD PROJECTS

Direct Lending:

Senior Debt: As part of a consortium, the Issuer provides long-term funds to commercially viable infrastructure projects, taking an exposure of up to 20% of total project cost (including Subordinate Debt, if any). The Issuer accords an overriding priority for lending under this Scheme to Private Public Partnership (PPP) projects that are implemented by private sector companies selected through a competitive bidding process.

Subordinate Debt: The Issuer provides subordinate debt up to 10% of the project cost (as part of its exposure of up to 20% of total project cost). This type of debt is typically treated as Quasi-Equity by lenders.

Till December 31, 2023, on a standalone basis, Issuer made cumulative gross sanctions of Rs. 1,16,529 Crore to 560 projects, and cumulative disbursements of Rs. 52,145 Crore under Direct Lending.

ii. FOR BROWNFIELD PROJECTS

Takeout Finance

The Takeout Finance Scheme of the Issuer is aimed at addressing the Asset Liability Mismatch and exposure constraints faced by banks by taking out loan from the books of the banks. This helps banks to free up their funds for investing in new infrastructure projects. Under this scheme, the Issuer can lend up to 30% of total project cost (including Direct Lending). Disbursement in case of Takeout Finance generally takes place one year after the actual Commercial Operation Date (COD).

Under the Takeout Finance scheme, up to December 31, 2023, Issuer made cumulative gross sanctions of Rs. 40,104 Crore to 136 projects and disbursed Rs. 21,369 Crore.

Credit Enhancement Scheme

Under the Credit Enhancement Scheme, the Issuer provides partial credit guarantee to enhance the credit rating of bonds issued by infrastructure companies to AA or higher for refinancing of existing loans. The Issuer can undertake credit enhancement to the extent of 20% of total project cost (40% of total project cost with backstop guarantor) subject to a maximum of 50% of the total amount of bond issue. Credit enhancement enables channelization of long term funds from investors like insurance and pension funds in such bonds.

The Issuer became the first organization to successfully operationalize the Credit Enhancement Scheme in the year 2015-16. Till December 31, 2023, IIFCL has provided sanctions to 22 projects with a bond issue size of Rs. 9,080 Crore and initial IIFCL guarantee of Rs. 2,436 Crore. So far, three transactions, with bond issue of Rs 1,338 Crore and initial IIFCL guarantee of Rs. 346 Crore have been completed.

Infrastructure Investment Trusts (InvITs)

IIFCL can lend to/invest in InvITs which are registered with SEBI having an External Credit Rating of AA and above by any of the Credit Rating Agency registered with SEBI. Under this product category, IIFCL can lend to/invest in InvITs with an exposure of 30% of the Total Project Cost and 51% of the total facility.

As on December 31, 2023, IIFCL has mobilized an investment of gross sanction of Rs 11,600 Crore and disbursement of Rs.3351 crore in InvITs.

Infrastructure Project Bonds

To promote long term infrastructure debt markets in the country, IIFCL assists the infrastructure project developers by investing in the infrastructure project bonds being issued by them. Through this product, IIFCL invests in such bonds issued by private sector companies, Government Authorities, Public Sector Companies etc. and should be rated by at least one of the credit rating agency registered with SEBI/RBI. IIFCL can subscribe up to 50% of the bond issue size.

As on December 31, 2023, IIFCL has mobilized an investment of Rs 8126 Crore in infrastructure project bonds.

iii. FOR INSTITUTIONS

Refinance Scheme

The Issuer provides refinance to banks and other eligible financial institutions (FIs) and NBFCs for their loans to infrastructure projects.

Under the Refinance scheme, till December 31, 2023, Issuer made cumulative sanctions of Rs. 64,897 Crore. Cumulative disbursements of Rs. 35,440 Crore have been made against these sanctions.

6.6 Resource Mobilisation

A. Domestic Resources

The Issuer has so far raised domestic resources (excluding overdraft against bank deposits) Rs. 34,361.61 crore (out of which amount of Rs. 23,133.33 crore through bonds is outstanding as on December 31, 2023) from domestic markets through a mix of instruments comprising of domestic Taxable bonds, tax-free bonds, and Tax-Saving Infrastructure Bonds.

B. External Resources

Issuer has also established strong relationships with Multilateral and Bilateral Institutions like Asian Development Bank, World Bank, Kreditanstalt für Wiederaufbau (KfW), European Investment Bank (EIB) and Japan International Corporation Agency (JICA) and has committed lines of credit to the extent of USD 1.9 billion, USD 195 million, Euro 50 million, Euro 200 million and JPY 50 Billion respectively.

Out of line of credit of USD 1.9 billion from ADB, Issuer has fully availed the amount of USD 1.9 billion.

Out of the World Bank line of Credit of USD 195 million, Issuer has fully availed the amount of US 195 million.

The Euro 50 million line of credit from KfW has been availed fully by Issuer against disbursements in two hydro power projects and four solar power projects as approved by KfW.

Out of line of credit of Euro 200 million from EIB, Issuer has fully availed the amount of Euro 200 million.

Out of line of credit of JPY 50 billion from JICA , JPY 40.802 billion has been drawn as on 31st December, 2023.

Borrowing Policy

Generally, we raise fund through rupee debt raised from the market, debt from bilateral and multilateral institutions such as World Bank, Asian Development Bank etc., foreign currency debt, including external commercial borrowings raised with prior approval of the Government and short-term debt from banks/financial institutions only for the purpose of managing Asset-Liability mismatch or for refinancing to its extent of its Net Worth at any point of time. Our domestic borrowings are usually on fixed interest rate basis and are primarily for a tenure in excess of 10 years. Our loan sanctions typically contain an interest reset clause.

SECTION IX MANAGEMENT'S PERCEPTION OF RISK FACTORS

MANAGEMENT PERCEPTION OF RISK FACTORS

Following are the risks envisaged by the management of the Company relating to the NCDs, the Company and the market in general. Potential Eligible Investors should carefully consider all the risk factors stated in this Disclosure Document for evaluating the Company, its business and the NCDs before making any investment decision relating to the NCDs. The Company believes that the factors described below represent the principal risks inherent in investing in the NCDs. The ordering of the risk factors is intended to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk factor over another. All of these factors are contingencies which may or may not occur and the Company is not in a position to express a view on the likelihood of any such contingency occurring. Potential Eligible Investors should also read the detailed information set out elsewhere in this Disclosure Document and reach their own views prior to making any investment decision.

If any one of the following stated risks actually occurs, the Company's business, financial conditions and results of Company's operations could suffer and, therefore, the value of the Company's NCDs could decline and/or the Company's ability to meet its obligations in respect of the NCDs could be affected. More than one risk factor may have simultaneous effect with regard to the NCDs such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No prediction can be made as to the effect that any combination of risk factors may have on the value of the NCDs and/or the Company's ability to meet its obligations in respect of the NCDs. These risks and uncertainties are not the only issues that the Company faces. Additional risks and uncertainties not presently known to the Company or that the Company currently believes to be immaterial may also have a material adverse effect on its financial condition or business. Unless specified or quantified in the relevant risk factors, the Company is not in a position to quantify the financial or other implications of any risk mentioned herein below.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1) Some events may not be material individually but may be material when considered collectively.
- 2) Some events may have an impact which is qualitative though not quantitative.
- 3) Some events may not be material at present but may have a material impact in the future.

RISK RELATING TO OUR BUSINESS AND INDUSTRY

1. **Inherent risks in infrastructure financing, to the extent they materialize, could adversely affect our business and result in our loans and investments declining in value.**

We are involved in the business of providing long term debt for projects in the infrastructure sector as per the Harmonized List. Lending to infrastructure sector involves various risks, including the following:

- interruption or disruption in domestic or international financial markets;
- political, regulatory, fiscal and legal actions that may adversely affect the viability of projects financed by us;
- changes in government and regulatory policies in relation to the infrastructure sector in general, and its sub-sectors or certain projects, in particular;
- delays in implementation of government plans and policies;
- delays in obtaining regulatory approvals for, and the construction and operation of projects including in relation to land acquisition;
- long gestation or implementation period of projects;
- adverse changes in market demand or prices for the services that the project, when completed, is expected to provide;
- changes in credit ratings of our clients;
- shortages of, or adverse price developments for, raw materials and key infrastructure inputs such as metals, cement, steel, oil, coal and natural gas;
- the unwillingness or inability of consumers to pay for infrastructure services;
- unavailability of financing at favourable terms, or at all;

General Information Document dated March 04, 2024 (For Addressee Only)

- potential defaults under financing arrangements by our clients;
- failure of co-lenders with us under consortium lending arrangements to perform their contractual obligations;
- adverse developments in the overall economic environment in India;
- adverse liquidity, interest rate fluctuations or changes in financial or tax regulations; and
- economic, political and social instability or occurrences such as natural disasters, armed conflict and terrorist attacks, particularly in areas where projects financed by us are located or in the markets they are intended to serve.

To the extent these or other risks relating to our business materialize, the quality of our loan portfolio and our business, prospects, results of operations and financial condition could be adversely affected.

2. **We are affected by volatility in interest rates for our lending and investment operations as well as the rates at which the Company borrows from banks/financial institutions, which could adversely affect our return on assets and profitability.**

Our business depends on interest income from our loans and advances and investments made by us and the interest rates at which we borrow from banks/financial institutions. Accordingly, we are affected by volatility in interest rates in our borrowing, lending and investment operations. Interest rates are highly sensitive to many factors beyond our control, including competition from other banks and NBFCs, the monetary policies of the RBI, deregulation of the financial sector in India, domestic and international economic and political conditions international price of key energy commodities, climatic factors and other factors, which have historically generated a relatively high degree of volatility in interest rates in India.

Further, rise in inflation and consequent increase in interest rates, repo rates (the rates at which RBI lends to commercial banks) and reverse repo rates (the rates at which RBI borrows from commercial banks) by RBI has led to an increase in interest rates on loans provided by banks and financial institutions. Due to these factors, interest rates in India have experienced a relatively high degree of volatility.

Our net interest margins are determined by the cost of our funding relative to the pricing of our loan products. The cost of our funding and the pricing of our loan products are determined by a number of factors, many of which are beyond our control. In the event we were to suffer a decline in net interest margins, we would be required to increase our lending activity in order to maintain our profitability. However, there can be no assurances that we will be able to do so and we may suffer reduced profitability or losses in the event our net interest margins were to decrease, which may adversely affect our business, prospects, results of operations and financial condition.

Our domestic borrowings are usually on fixed interest rate basis and are primarily for a tenure in excess of 10 years. As a result, if interest rates fall, we may have greater difficulty in maintaining a low effective cost of funds compared to our competitors. Although our loan sanctions typically contain an interest reset clause, in the event such hedging does not serve to benefit from or set off the extent of interest rate fluctuation, or if we are not able to pass on the increased cost of borrowing to our own borrowers, our net interest income and net interest margin could be adversely impacted.

Further, the majority of the loans taken and provided by us are long-term in nature and the interest rates are subject to periodic resets. When interest rates decline, we may be subject to greater repricing and prepayment risks. During periods of low interest rates and high competition among lenders, borrowers may seek to reduce their borrowing cost by asking lenders to reprice loans. When assets are repriced, the spread on loans, which is the difference between the average yield on loans and the average cost of funds, could be affected. If we reprice loans, our financial results may be adversely affected in the period in which the repricing occurs. To the extent that the Company's borrowers prepay loans, our return on our capital may be impaired as any prepayment premium we receive may not fully compensate us for the redeployment of such funds elsewhere. When interest rates increase, we may be unable to pass on such increase to the borrowers in full by increasing the corresponding borrowing interest rates. Our inability to manage such interest rate variations effectively and efficiently over the duration of the project loans may adversely affect our results of operations and profitability.

3. **We would have limited recourse in the event of default by our borrowers, and may not be able to recover the full, or any, amount of financing extended by us to them.**

Any lending or investment activity involves credit risk arising from the risk of default and non-payment by borrowers and other counterparties. As on December 31, 2023, the cumulative amount of Sanctions and Disbursements of our company is of Rs. 2,43,693 lac Crore and Rs. 1,20,432 Crore respectively. We lend to the infrastructure projects under the aegis of SIFTI (Scheme for funding viable infrastructure project through a Special Purpose Vehicle called the India Infrastructure Finance Company Ltd). The securities are majorly the cash flow generated by the project and same is shared pari passu with the consortium lenders. IIFCL along with the consortium member has first priority on the cash flow generated of the infrastructure project to recover the debt.

In addition, some of our loans may relate to imperfect security packages or negative liens provided by our borrowers. The value of certain kinds of assets may decline due to business risks that are inherent to infrastructure sector projects, the nature of the asset secured in our favour, and any adverse market or economic conditions in India or globally. The value of the security or collateral obtained may also decline due to an imperfection in the title or difficulty in locating movable assets. Although some parts of legislations in India provide for various rights of creditors for the effective realization of collateral in the event of default, there can be no assurance that we will be able to enforce such rights in a timely manner or enforce them at all. There could be delays in implementing bankruptcy or foreclosure proceedings.

Most of our loans have been granted as part of consortium, and joint recovery action implemented by a consortium of lenders may be susceptible to delay or not favourable to us. In this regard, RBI has also developed a resolution process to provide a framework for early recognition, reporting and time bound resolution of stressed assets in terms of RBI Circular dated June 7, 2019 (“**Stressed Asset Framework**”). The Stressed Assets Framework provides that lenders shall recognize incipient stress in loan accounts, immediately on default by classifying such assets as special mention accounts in various categories. It further provides that if 75% of creditors by value of total outstanding credit facilities (fund based as well as non-fund based) and 60% of the creditors by number agree to a restructuring package of an existing debt (i.e. an outstanding debt), then such agreement shall also be binding on the remaining creditors.

The Stressed Asset Framework mandates higher provisioning if Resolution Plan is not implemented within a stipulated time period. The resolution under NCLT is required within a time span of 180 days, extendable further for 90 days. Considering these timelines, it is envisaged that the resolution of these stressed accounts of borrower may not happen in the near future, and the Company may have to take haircuts at the time of resolution of these stressed assets. Once resolution process is complete, the funds realized from the sale of these assets will be reinvested at the prevailing rate which may be lower and will have an impact on the Company’s financials going forward. Though, Company would start getting revenues on such amount as compared to no income is being booked on such assets as of now. The Company faces the risk of higher provisioning and significant haircuts, wherever its borrower fall under the ‘stressed assets’ category. Further, the Stressed Asset Framework has repealed the earlier issued instructions of the RBI on resolution of stressed assets such as the framework for revitalizing distressed assets, corporate debt restructuring scheme (“CDR”), flexible structuring of existing long term project loans, strategic debt restructuring scheme (“SDR”), change in ownership outside SDR and scheme for sustainable structuring of stressed assets (“S4A”). Accordingly, the Stressed Assets Framework will impact our asset quality and profitability.

In circumstances where other lenders with such exposure / loan account by value and number and are entitled to determine corrective action plan for any of our borrowers, we may be required by such other lenders to agree to such corrective action plan, irrespective of our preferred mode of settlement of our loan to such borrower or subject our loan account to accelerated provisioning. Furthermore, with respect to any loans made as part of a consortium arrangement and multiple banking arrangement, a majority of the relevant lenders may elect to pursue a course of action that may not be favourable to us. Additionally, in the event that we dissent from a particular resolution plan, while under the Stressed Assets Framework we are entitled to receive liquidation value of the stressed asset, there can be no assurance that such liquidation value or any amount recovered pursuant to a resolution plan may be beneficial or in excess of amounts otherwise recoverable by us. Any such corrective action plan / accelerated provisioning could lead to an unexpected loss that could adversely affect our business, financial condition or results of operations.

4. We are subject to credit and market risks, and if any such risks were to materialize, our credit ratings and our cost of funds could be adversely affected.

Our revenues depend on our ability to efficiently manage our credit and market risks. We are required to identify, and mark to market, changes in the value of financial instruments caused by changes in market prices or interest rates. Our earnings depend on the effectiveness of our management of credit quality and risk concentration, the accuracy of our valuation models and our critical accounting estimates and the adequacy of our allowances for loan losses. To the extent our assessments, assumptions or estimates prove inaccurate or are not predictive of actual results, we could incur higher than anticipated losses. The successful management of credit, market and operational risk is an important consideration in managing our liquidity risk because it affects the evaluation of our credit ratings by rating agencies. Rating agencies may reduce or indicate their intention to reduce the ratings at any time. There can be no assurance that we will not experience any downgrade in our debt ratings in future. The rating agencies can also decide to withdraw their ratings altogether, which may have the same effect as a reduction in our ratings. Any reduction in our ratings (or withdrawal of ratings) may increase our borrowing costs, limit our access to capital markets and adversely affect our ability to engage in business transactions, particularly longer term and derivatives transactions, or retain our customers. This, in turn, could reduce our liquidity and negatively impact our operating results and financial condition. Although we believe that we have adequate risk management policies and procedures in place, we may still be exposed to unidentified or unanticipated risks, which could lead to material losses and an adverse effect on our business, prospects, results of operations and financial condition.

5. Unavailability of financing at commercially acceptable terms, or at all, may adversely affect our liquidity and financial condition.

The liquidity and ongoing profitability of our business depend on our timely access to and the costs associated with raising capital. Our borrowings primarily include secured and unsecured long term bonds and unsecured term loans obtained from various domestic and multilateral and bilateral institutions. We cannot assure you that we would be able to borrow funds at commercially acceptable terms, or at all, in the future. Further, in case GoI does not guarantee our borrowings or in case credit rating of debt instruments issued by us is downgraded for any reason, in the future, investors/lenders may not be willing to invest in our debt instruments at commercially acceptable interest rates, or at all. Thus, in order to honour our lending commitments, we may be required to avail loans at high costs, which may in turn affect our spread on loans and our financial condition. Further, due to our nature and tenure of the loans, it may not be possible for us to pre-pay the existing loans by incurring additional indebtedness, without payment of penalty and interest. Further, increase in debt would lead to leveraging the balance sheet thereby exerting pressure on the financial covenants that we are required to maintain under our various loan agreements. In such an event, we cannot assure you that we would continue to be in compliance with loan agreements' conditions, in future. Any future default under a loan agreement will further affect the availability of funding for the Company. Unavailability of borrowings at commercially acceptable terms, or at all, may adversely affect our capacity to lend in the future and hence would have an adverse effect on our business, prospects, results of operations and financial condition.

6. Concentration of our exposure to certain sectors, areas and borrowers, may adversely affect our business, prospects, results of operations and financial condition.

As on December 31, 2023, our largest sector-wise exposures were in the power, road, airport and urban infrastructure sectors. Any negative trends or adverse developments in the power or transportation sectors, particularly those that may affect our large borrowers, could adversely affect the income generating capacity of our borrowers. Credit losses on our significant group and single borrower exposures could adversely affect our business, prospects, results of operations and financial condition. As a majority of our income is in the form of interest income received from our borrowers, any default by our large borrowers in these sectors may have an adverse effect on our liquidity position and results of operation. Any adverse change in the policy relating to infrastructure sector by the governments in any or all of these states, may adversely affect implementation of projects by our borrowers, which may have an impact on their interest paying capacity, thus adversely affecting business, prospects, results of operations and financial condition. As the average maturity of loans provided by us under direct lending is 10 years or more, for the foreseeable future, we expect to continue to have a significant concentration of assets in these sectors and to certain borrowers. Materialization of any of the risks mentioned above may adversely impact our income generation capacity and net interest margins and thus have an adverse effect on our business, prospects, results of operations and financial condition.

7. Our Company is a holding company and our company's business operations are also conducted through our wholly owned Subsidiaries and the performance of our Subsidiaries may adversely affect our results of operations.

We are a holding company, and our business operations are also conducted through our wholly owned Subsidiaries, primarily India Infrastructure Finance Company (UK) Limited, IIFCL Projects Ltd and IIFCL Asset Management Company Ltd (*IAMCL was granted the approval to act as the AMC of the MF for the IDF*). The financial condition and results of operations of our Company on consolidated basis are thus dependent upon the performance of our Subsidiaries. In case, loans obtained by these Subsidiaries contain restrictions on the payment of dividends, including, among others, financial covenants being met and certain debt service accounts being adequately funded prior to the declaration or payment of dividends by these Subsidiaries. Further, in the event of a bankruptcy, liquidation or re-organization of a Subsidiary, our Company's claim in the assets of such Subsidiary as a shareholder remains subordinated to the claims of lenders and other creditors of such Subsidiary.

The Company may be required to comply with certain regulatory requirements as may be prescribed by SEBI, RBI or any other authority, from time to time in relation to the said Subsidiaries. If the Company is required to comply with any new or additional regulations or guidelines by RBI or SEBI, the Company may need to reorganize or restructure its activities, procure and obtain more capital and/or incur additional costs to ensure compliance with such regulations.

8. In addition to our Rupee borrowings and financial activities, we currently have foreign currency borrowings as well as financing activities, which are likely to continue or increase in the future, which will expose us to fluctuations in foreign exchange rates, which could adversely affect our financial condition.

As on December 31, 2023, the Company had foreign currency borrowings of Rs. 15,804.00 Crore. We may seek to obtain additional foreign currency borrowings in the future. We are therefore affected by adverse movements in foreign exchange rates. While we seek to hedge foreign currency exposures, there can be no assurance that our hedging policies and mechanisms will remain effective or that we will enter into effective hedging with respect to any new foreign currency borrowings. To the extent we increase our foreign currency borrowing in the future, we may be further exposed to fluctuations in foreign currency rates. Volatility in foreign exchange rates could adversely affect our business, prospects, results of operations and financial condition. Further, adverse movement of foreign exchange rates may also affect our borrowers negatively, which may in turn adversely affect the quality of our exposure to these borrowers.

9. A high level of indebtedness could adversely affect our ability to react to changes in our business environment which will in turn affect our prospects and results of operations.

As at December 31, 2023, our unconsolidated indebtedness aggregated to Rs. 51,316.38 Crores. A significant portion of our funding is obtained through credit facilities and loans provided by banks, financial institutions and bilateral and multilateral institutions. A high level of indebtedness could:

- in the event our cash flows do not increase in the same proportions, require us to dedicate a substantial portion of our cash flows from operations to payments in respect of our indebtedness, thereby reducing the availability of cash flow to fund our working capital requirements, capital expenditures and other general corporate expenditures;
- increase our vulnerability to adverse general economic and industry conditions;
- limit our flexibility in planning for, or reacting to, competition and/or changes in our business or industry;
- limit our ability to borrow additional funds; and
- place us at competitive disadvantage relative to competitors that have less debt or greater financial resources.

Debt agreements entered into by us, at present or in future, may contain restrictive covenants including maintaining certain financial ratios. These restrictions may impede the growth of our business. Any inability to comply with the provisions of our debt agreements and any consequent action taken by our lenders may adversely affect our business, prospects, results of operations and financial condition.

10. If we are unable to manage our growth effectively, our business, prospects, results of operations and financial condition could be adversely affected.

Our business has grown since we began operations in 2006. Our Company has managed to grow loan portfolio by approx. 24% (twenty four percent) from April 01, 2023 till December 31, 2023 to Rs. 52,289 Crore as compared to Rs 42,271 Crore in FY 2022-23. We seek to continue to grow our business rapidly, which could place significant demands on our operational, credit, financial and other internal risk controls. Rapid growth could expose us to a wide range of increased risks, including business risks, such as the possibility that a number of our loans may become impaired faster than anticipated, as well as operational risks which includes fraud risks and regulatory and legal risks. Our growth may also exert pressure on our capital adequacy, making management of asset quality increasingly important. Our growth also increases the challenges involved in preserving and improving our internal administrative, technological and physical infrastructure. Addressing the challenges arising from our growth would put significant demands on our management and other resources.

In addition, as part of our growth strategy, we seek to identify and implement new business ventures and expand into new business segments. For instance, the Credit Enhancement Scheme was launched by IIFCL in the year 2012, with the objective of enabling infrastructure projects to raise long term funds from alternative resources like capital debt markets. To date, IIFCL has sanctioned guarantees totaling over Rs. 2,436 Crore for bond issuances exceeding Rs. 9,080 Crore by more than 22 infrastructure projects. This includes credit enhancement sanction of Rs 181 Crore for bond issuance of Rs 700.00 Crores during May-21 (i.e. FY22). No fresh sanctions were done till December 31, 2023 in FY 2023-2024.

11. Non- Compliance of the Act and other Applicable Laws may affect our operations and could result in stringent penalties.

All the directors of our Company are appointed by the President of India as per the Articles of Association of our Company. As on the date of this Disclosure Document, our Company's Board comprises of 8 (eight) Directors. Since appointment of directors is undertaken by the GoI, and is beyond the control of our Company, we are not in compliance with Section 177(1), 178(1), and 135(1) of Companies Act, 2013, for non-appointment of Independent Directors on the Board of our Company by the Administrative Ministry.

12. We may fail to obtain certain regulatory approvals in the ordinary course of our business in a timely manner or at all, or to comply with the terms and conditions of our existing regulatory approvals and licences, which may have a material adverse effect on the continuity of our business and may impede our effective operations in the future.

We usually require certain regulatory approvals, sanctions, licences, registrations and permissions for operating our businesses. We may not receive or be able to renew such approvals in the time frames anticipated by us or at all, which could adversely affect our business. If we do not receive, renew or maintain such regulatory approvals required to operate our business, the same may have a material adverse effect on the continuity of our business and may impede our effective operations in the future. Additionally, any historical or future failure to comply with the terms and conditions of our existing regulatory or statutory approvals may cause us to lose or become unable to renew such approvals.

We are subject to periodic inspection by the RBI under Section 45N of the RBI Act, pursuant to which the RBI inspects our books of accounts and other records for the purpose of verifying the correctness or completeness of any statement, information or particulars furnished to the RBI. RBI, has made an inspection and submitted its report under Reference No. CO.DOS.SED.No.S5828/10.07.005/2022-23 dated 15th, December 2022 with reference to Risk Assessment Report and Inspection Report as of 31st March 2022 and letter ref no. DoS(CO).No56176/10.07.005/2022-23 dated 26th December, 2022 with reference to Supervisory concerns and Risk Mitigation Plan as of March 31st, 2022 respectively for immediate attention of the Board. We have responded to all the observations of RBI and as on date, no penalties have been levied by RBI.

We cannot assure you that RBI will not find any deficiencies in future inspections, or that RBI will not make similar or other observations in the future. Imposition of any penalty or adverse findings by RBI during the ongoing or any future inspections may have an adverse effect on our business, results of operations, financial condition and reputation.

Further, stock exchanges have levied penalties upto Rs 36,000 excluding goods and service tax for non-compliance of Section 50 (2), Section 53(2) and Section 54(2) of the LODR Regulations. The Issuer has made representations to the stock exchanges. BSE has waived all the penalties. Response from National Stock Exchange is awaited.

13. We are involved or may be involved in a number of legal proceedings that, if determined against us, could adversely impact our business and financial condition.

Our Company is a party to various legal proceedings/ or party to legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts, tribunals, statutory and regulatory authorities/ other judicial authorities, and if determined against our Company, could have an adverse impact on the business, financial condition and results of operations of our Company. No assurances can be given as to whether these legal proceedings will be decided in our favour or have no adverse outcome, nor can any assurance be given that no further liability will arise out of these claims.

14. Fraud Loan Accounts:

The Company had in its Annual Report for the Financial Year 2022-23, disclosed 11 Fraud Loan Assets for which the Company had proceeded under various recovery mechanisms as set out in Section 8.10 of this General Information Document. No assurances can be given as to whether these Fraud Loan Accounts will be able to repay their respective debts to the Company, nor can any assurance be given that Company will not have further such Fraud Loan Accounts.

15. The infrastructure financing industry is becoming increasingly competitive and our growth will depend on our ability to compete effectively. If we are unable to compete effectively, it may have an adverse effect on our business, prospects, results of operations and financial conditions.

Competition in our industry depends on, among other things, the ongoing evolution of Gov policies relating to the industry, the entry of new participants into the industry and the extent to which there is consolidation among banks, financial institutions and NBFCs in India. Our ability to compete effectively depends on our liability to maintain a low effective cost of funds. With the growth of our business, we are increasingly reliant on funding from the debt markets and commercial borrowings. If we are unable to access funds at an effective cost that is comparable to or lower than our competitors, we may not be able to offer competitive interest rates for our infrastructure loans. This is a significant challenge for us, as there are limits to the extent to which higher costs of funds can be passed on to borrowers, thus potentially affecting our net interest margin.

Our competitors may have greater financing resources than those available to us, greater technical and other resources and greater experience, and may also compete with us for management and other human resources. In the event we are unable to effectively compete with our competitors, we may not be able to maintain or grow our business. This would have an adverse impact on our business, prospects, results of operations and financial condition.

16. The infrastructure development industry in India is still at a relatively early stage of development and is linked to the continued growth of the Indian economy. If the infrastructure industry does not develop as anticipated, our business, prospects, results of operations and financial condition could be adversely affected.

The infrastructure sector in India is still at a relatively early stage of development and is linked to the continued growth of the Indian economy and stable regulatory regimes. Many specific factors within each sector also influence the success of the projects within those sectors, including changes in policies, regulatory frameworks and market structures. Any sudden and adverse change in the policies relating to sectors, in which we seek to invest, may leave us with unutilized capital and interest and debt obligations to fulfil. Further, since infrastructure services in India have historically been provided by the central and state governments without charge or at a low charge to consumers, the growth of the infrastructure sector will be affected by consumers' income levels and the extent to which they would be willing to pay or can be induced to pay for infrastructure services. This would depend, to a large extent, on the quality of services provided to consumers. If the quality of infrastructure services provided to consumers, over which we have no control, are not as desired, income from infrastructure services would decline. This would lead to a decrease in demand for infrastructure financing, which in turn could adversely affect our business and operations. Moreover, any disagreements or disputes between the parties involved in implementation of the projects, or delays in project schedule as a

result of non-performance of obligations by any of the parties involved, or delay in receipt of government approvals, may temporarily or permanently impact the ability of our borrowers to pay interest or principal amounts borrowed, which could have an adverse effect on our business, prospects, results of operations and financial condition. If the central and state governments' initiatives and regulations in the infrastructure industry do not proceed in the desired direction, or if there is any downturn in the macroeconomic environment in India or in specific sectors, our business, prospects, results of operations and financial condition could be adversely affected.

17. **The projects for which we have provided, or may in the future provide, financing may be delayed, modified or cancelled, which would adversely affect the ability of our borrowers to repay their loans.**

Factors beyond our control or the control of our borrowers may postpone a project or cause its cancellation. Such factors could include delays or failures to obtain necessary environmental and other permits and approvals, rights-of-way, labour disputes, and other types of difficulties or obstructions. Any delay, failure or execution difficulty with respect to projects for which we provide financing could materially affect the ability of the borrowers to repay their loans, which would have an adverse effect on our business, prospects, results of operations and financial condition.

18. **A major fraud by third parties or our own employees or lapses in our control systems could adversely impact our business, prospects, results of operations and financial condition.**

We are vulnerable to risk arising from the failure of third parties, such as borrowers implementing projects and our other contractors, or our own employees to adhere to approved procedures and system controls, including accounting and data protection procedures. However, we implement certain policies and procedures to minimize risks associated with internal controls and risk management, including constitution of committees of our Board and divisions within the Company for such purpose, as well as whistle blower policies, periodic internal and external audits. Failure to prevent or mitigate fraud or breaches in security may adversely affect our reputation, business, prospects, results of operations and financial condition.

19. **Our success depends on our management team and skilled personnel and our ability to attract and retain such persons.**

Our future performance will be affected by the continued service of our management team and our ability to attract and retain skilled personnel. We also face a continuing challenge to recruit and retain a sufficient number of suitably skilled personnel, knowledgeable in sectors to which we lend. There is significant competition in India for such personnel, and it may be difficult to attract, adequately compensate and retain the personnel we need in the future. We do not maintain key man insurance. Inability to attract and retain appropriate managerial personnel, or the loss of key personnel could adversely affect our business, prospects, results of operations and financial condition.

20. **All the properties used by the Company are on lease and/or as shared office space. Any termination of the lease(s) or the other relevant agreements in connection with such properties or our failure to renew the same in a favourable, timely manner, or at all, could adversely affect our activities.**

Currently, none of the properties used by the Company for the purposes of our business activities, including the premises where the Registered Office and Corporate Office is located, is owned by us and are provided to the Company on long term lease. Termination of the leases or our failure to renew the same on favourable conditions, in a timely manner, or at all, could require us to vacate such premises at short notice, could adversely affect our operations, financial condition and profitability.

21. **Our provisioning norms may not be indicative of the expected quality of our loan portfolio, accordingly, in the event a significant portion of our exposure were to materialize or general economic conditions were to deteriorate, our results of operations and our financial condition would be adversely affected.**

We adhere to provisioning requirements related to our loan assets pursuant to applicable RBI Guidelines, as are relevant to us and our various Subsidiaries. If our provisioning requirements are insufficient to cover our existing or future levels of nonperforming loans or if future regulation requires us to increase our provisions, our ability to raise additional capital and debt funds as well as our results of operations and financial condition could be adversely affected.

22. **We may face asset-liability mismatches which could affect our liquidity, and which may as a consequence have a material and adverse effect on our business, financial performance and results of operations.**

We may face potential liquidity risks due to mismatches in our funding requirements and the financing we provide to eligible borrowers. Our funding requirements are primarily met through a combination of equity investments by GoI, issuance of secured and unsecured non-convertible debentures and unsecured long term loans availed from domestic as well as multilateral and bilateral institutions. While our domestic borrowings are usually on fixed interest rate basis and the financing we offer is of long-term nature, in the future, if we are unable to effectively manage our funding requirements and the financing we provide (which may be aggravated if our borrowers pre-pay or are unable to repay any of the financing facilities we grant to them or if we are unable to obtain additional credit facilities in a timely and cost effective manner, or at all), we may have mismatches in our assets and liabilities, which in turn may adversely affect our liquidity, financial performance and results of operations.

23. **Our statutory auditors have expressed certain opinions in their audit report on our financial statements in the past and any qualifications in the auditor's report in the future may impact our results of operations. Our statutory auditors have made remarks in their audit report with respect to certain matters for the Financial Year 2022-23. For more information, refer to "Annexure VI". Further CAG has also made certain comments on the financial statements in the past which may impact our operations. For more information, refer to "Annexure VI".**

24. **We are required to comply with certain specific conditions prescribed by the Government of India ("GoI") in relation to our business. If we fail to comply with these specific conditions or if we or our clients are required to comply with new or additional regulations or guidelines requiring reorganising or restructuring, there may be an adverse effect on our business, prospects, results of operations and financial condition.**

We are a 'Government Company' under Section 2(45) of the Companies Act, 2013, wholly owned by GoI. Our business and our sector depend, directly and indirectly, on the policies and support of GoI in many significant ways, including with respect to the cost of our capital, the financial strength of our borrowers, the management and growth of our business and our sector. Like any other public sector undertaking, GoI can influence key decisions about the Company, including with respect to the appointment and removal of members of our Board. We are required to follow the public policy directives of GoI by concentrating our financing on specific projects or sectors in the public interest.

We were set up by the Ministry of Finance ("MoF"), under the Scheme for Financing Viable Infrastructure Projects through a Special Purpose Vehicle called the India Infrastructure Finance Company Limited ("SIFTI"), and are required to comply with the conditions provided under SIFTI, for the purposes of raising funds and providing long-term financing for infrastructure projects. In terms of SIFTI, the Company can borrow funds for lending purposes only in consultation with the Department of Financial Services, MoF, GoI. To the extent of any mismatch between the raising of funds and their disbursement, surplus funds, under SIFTI, would be invested in marketable Government securities and/or certificate of deposits, fixed deposits and for treasury management purposes in AAA rated corporate bonds.

Our borrowers and the Indian infrastructure sector are also significantly impacted by GOI policies and support in a variety of ways. In particular, GOI has in the past made sustained increases to budgetary allocations for the infrastructure sector and developed a policy to encourage greater private sector participation through public-private partnership ("PPP") projects. Since government entities are responsible for awarding concessions and maintenance contracts and are parties to the development and operation of infrastructure projects, any withdrawal of support or adverse changes in their policies may lead to our financing agreements being restructured or renegotiated and could adversely affect our business, prospects, results of operations and financial condition.

25. **We are required to comply with certain specific conditions prescribed by RBI in relation to NBFC-IFCs. If we fail to comply with these specific conditions or are required to comply with new or additional legal requirements, it may have an adverse effect on our business, prospects, results of operations and financial condition.**

RBI has, through a notification dated February 12, 2010, added 'infrastructure finance companies' to the categories of non-banking finance company ("NBFC-IFC") amending the Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Direction, 2007 ("NBFC Prudential Norms"). The Company vide letter dated 21st November 2014 submitted road map to RBI giving specific timelines for complying with various elements of RBI Regulations for NBFC-IFC. Further, with effect from April 1, 2016, our Company is required to follow the applicable provisions of RBI prudential norms for "Systemically Important Non-Banking Financial (Non-Deposit Accepting or Holding) Companies", as notified from time to time.

26. **We may, in the future be required to comply with certain specific conditions prescribed by SEBI or RBI in relation to the setting up of the IDF-MF. If we fail to comply with these conditions or are required to comply with new or additional legal requirements, it may have an adverse effect on our business, prospects, results of operations and financial condition.**
27. **We have certain contingent liabilities and commitments which, if, and to the extent, crystallized could adversely affect our financial condition.**

As at March 31, 2023, the Company had contingent liability of 57,944.87 lac and out of this outstanding contingent liabilities of Rs. 30,531.04 lac on account of letters of comfort issued by the Company to banks for the issuance of letters of credit to respective borrowers within term loans sanctioned and an amount of Rs. 25,278.50 lac for guarantee under credit enhancement scheme and commitments of Rs. 1,381.48 lac. If contingent liabilities materialize fully or to a significant degree, in the future, and our assets and cash flows do not increase proportionately, our financial condition could be adversely affected. **For more information, see "Section X-Contingent Liabilities".**

28. **Our business may be adversely affected by future regulatory changes.**

We are subject to the corporate, taxation and other laws in effect in India which require continued monitoring and compliances. The introduction of additional government control or newly implemented laws and regulations including, among other things, in relation to provisioning for NPAs, recoveries, capital adequacy requirements, exposure norms, etc., depending on the nature and extent thereof and our ability to make corresponding adjustments, may result in a material adverse effect on our business, results of operations and financial condition and our future expansion plans in India. In particular, decisions taken by regulators concerning economic policies or goals that are inconsistent with our interests, could adversely affect our results of operations. While we will take adequate measures, we cannot assure you that we will be able to timely adapt to new laws, regulations or policies that may come into effect from time to time with respect to the financing of infrastructure projects specifically and regulatory regime in general. These laws and regulations and the way in which they are implemented and enforced may change from time to time and there can be no assurance that future legislative or regulatory changes will not have an adverse effect on our business, results of operations and financial condition.

RISK RELATING TO INFRASTRUCTURE INDUSTRY

1. **Economy related risks:**

The Company's operations are significantly affected by factors influencing the Indian economy and the global economy in general. Any slowdown in economic growth in India could adversely affect the Company, including its ability to grow its loan portfolio, the quality of its assets, and its ability to implement the Company's strategy. Any slowdown in the growth or negative growth of the infrastructure sector could adversely impact the Company's performance. Any such slowdown could adversely affect the Company's business, prospects, results of operations and financial condition. The Indian market and the Indian economy are influenced by economic and market conditions in other countries. Although economic conditions are different in each country, investors' reactions to developments in one country can have adverse effects on the economy as a whole, in other countries, including India. A loss of investor confidence in the financial systems

of other emerging markets may cause volatility in Indian financial markets and indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India. Terrorist attacks and other acts of violence or war may negatively affect the Indian markets and may also adversely affect the worldwide financial markets.

2. Political changes can result in disruption of project operation and cash flows.

Change in government policies may have an adverse impact on the revenue stream of the Infrastructure Projects. Political risks/ factors that must be taken into account include but are not limited to:

- Stability of the government (central, state as well as local government)
- Political willingness demonstrated by the government at various levels towards infrastructure and its commercialization
- Extent of control exerted by the government or its involvement in regulating a particular sector and dependence of the project profitability on the regulations.

Political risk also emanates from events/developments that cannot be reasonably predicted such as expropriation/confiscation of the project assets, risks of civil disturbances, riots, etc. Investors must also consider the likelihood and impact of any political change on the project/its sponsors/strategic investors while making the investments.

3. Changes in taxation of infrastructure projects can impact the cash flows available for debt servicing of the Company.

Any significant change in the tax regime may result in increased burden of taxation on Infrastructure Projects which are typically exposed to various taxes such as taxes on current and expected income, assets or property, operational, stamp, mortgage, withholding and other revenue and financing-related taxes. Tax policies have a direct impact on the cash pool available for debt servicing and are a critical factor while structuring the financing for Infrastructure Projects.

4. Market Risk can adversely impact the project revenues and cash available for debt- servicing for the Company.

There may be a change in the market conditions assumed while structuring the financing for an Infrastructure Project. Non-fulfilment of demand projections or more than anticipated competition are few examples of market risk. Different Infrastructure Projects have varying degrees of market risks as few projects may have monopolistic or oligopolistic markets or committed off-take arrangements. Owing to high capital intensity, the magnitude of the impact of adverse movements in market factors can be large for Infrastructure Projects.

RISK ASSOCIATED WITH INFRASTRUCTURE DEBT INSTRUMENTS:

An issuer of a fixed income security may be unable to make timely principal and interest payments on the security. There may be downward valuation of investments on account of movement in interest rates. There may be a low volume in the secondary market of the investments held by the Company. Any returns generated on underlying assets (such as periodic interest payments/scheduled repayment) may be deployed at a yield lower than the yield on existing assets.

RISKS RELATING TO INVESTMENT IN THE DEBENTURES

1. There is no guarantee that the Debentures issued pursuant to this GID will be listed on the BSE and/or NSE in a timely manner, or at all.

In accordance with Indian law and practice, permissions for listing and trading of the Debentures issued under this GID will not be granted until after the Debentures have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Debentures to be submitted. There could be a failure or delay in listing the Debentures on the BSE and/or NSE as maybe determined by the Company.

2. There has been only limited trading in the Debentures and it may not be available on a sustained basis in the future, and the price of the Debentures may be volatile.

The Company intends to list the Debentures on the WDM segment of the BSE and/or NSE as maybe specified by the Company. The Company cannot provide any guarantee that the Debentures will be frequently traded on the Stock Exchange(s) and that there would be any market for the Debenture(s). It is not possible to predict if and to what extent a secondary market may develop in these debentures or at what price the debentures will trade in the secondary market or whether such market will be liquid or illiquid. The fact that the debentures may be so listed or quoted or admitted to trading does not necessarily lead to greater liquidity. The more limited the secondary market is, the more difficult it may be for holders of the Debentures to realize value for the Debentures prior to settlement of the Debentures.

3. You may not be able to recover, on a timely basis or at all, the full value of the outstanding amounts and/or the interest accrued thereon in connection with the Debentures.

Company's ability to pay interest accrued on the Debentures and/or the principal amount outstanding from time to time in connection therewith would be subject to various factors, including, inter-alia the financial condition, profitability and the general economic conditions in India and in the global financial markets. The company cannot assure you that it would be able to repay the principal amount outstanding from time to time on the Debentures and/or the interest accrued thereon in a timely manner, or at all.

4. Changes in interest rates may affect the prices of the Debentures.

All securities where a fixed rate of interest is offered, such as the Debentures, are subject to price risk. The price of such securities will vary inversely with changes in prevailing interest rates, i.e. when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of prevailing interest rates. Increased rates of interest, which frequently accompany inflation and/or a growing economy, are likely to have a negative effect on the price of the Debentures.

5. Any downgrading in the credit rating of the Debentures may affect the value of Debentures and thus our ability to raise further debts.

The Debentures proposed to be issued under this GID have been rated "IND/AAA Stable" by India Rating vide its letter dated February 22, 2024, and "CARE AAA, Stable" by CARE Ratings Limited vide its letters dated March 04, 2024. The Company cannot guarantee that these credit ratings will not be downgraded by the rating agencies in future. The ratings provided by these Credit Rating Agencies may be suspended, withdrawn or revised at any time. Any revision or downgrading in the above credit rating may lower the value of the Debentures and may also affect Company's ability to raise further debt.

6. Any volatility in the exchange rate may lead to a decline in India's foreign exchange reserves and may affect liquidity and interest rates in the Indian economy, which may impact the Issuer.

Capital inflows into India have remained extremely volatile responding to concerns about the domestic macroeconomic landscape and changes in the global risk environment. A substantial increase in the import bill, mainly on account of increase in crude oil prices may lead to a significant widening of the trade deficit that in turn increase the size of the current account deficit from the budget estimates. This may lead to a reduction in the amount of liquidity in the domestic financial system and in turn, could further impact domestic interest rates.

7. No Debenture Redemption Reserve.

No Debenture Redemption Reserve is being created for the present Issue. Creation of DRR is not required for the proposed issue of Debentures as per Rule 18 (7) (b)(ii) of Companies (Share Capital and Debentures) Rules, 2014. In absence of DRR investor may find it difficult to recover their money.

8. Payments made on the Debentures will be subordinated to certain tax and other liabilities preferred by law.

The Debentures will be subordinated to certain liabilities preferred by law such as to claims of GOI on account of taxes, and certain liabilities incurred in the ordinary course of our transactions. In particular, in the event of bankruptcy, liquidation or winding-up, our assets will be available to pay obligations on the Debentures only after all of those liabilities that rank senior to these Debentures have been paid. In the event of bankruptcy, liquidation or winding-up, there may not be sufficient assets remaining, after paying amounts relating to these proceedings, to pay amounts due on the Debentures.

Further, there is no restriction on the amount of debt securities that we may issue that may rank above the Debentures. The issue of any such debt securities may reduce the amount recoverable by investors in the Debentures on our bankruptcy, winding-up or liquidation.

EXTERNAL RISK FACTOR

1. Business is subject to a significant number of tax regimes and changes in legislation governing the rules implementing them or the regulator enforcing them in any one of those jurisdictions could negatively and adversely affect Company's results of operations.

Company is subject to regulations by Indian governmental authorities. These laws and regulations impose numerous requirements on us, including asset environmental compliances, foreign exchange. Any changes in the regulatory framework affecting could adversely affect the profitability of the Company or its future financial performance by requiring a restructuring of its activities, increasing costs or otherwise. Any adverse change in certain statutory, regulatory, exposure and prudential norms may limit the flexibility of the Company's loans, investments and other products.

2. Civil unrest, terrorist attacks and war would affect our operations.

Certain events that are beyond our control, such as terrorist attacks and other acts of violence or war, may adversely affect worldwide financial markets and could potentially lead to a severe economic recession, which could adversely affect results of our operations and cash flows, and more generally, any of these events could lower confidence in India's economy. Any act of tension in the country leading to overall political and economic instability could have a materially adverse effect on results of our operations, future performance and the trading price of the Debentures.

3. Operations may be adversely impacted by natural calamities or unfavourable climatic changes.

An act of God, epidemic such as COVID 19, extremely adverse weather conditions or radioactive contamination or ionizing radiation, fire or explosion may adversely affect results of our operations.

SECTION X -B ASSET LIABILITY MANAGEMENT

Since the Issuer is a Non-Banking Finance Company, the following disclosures on Asset Liability Management (ALM) are being provided for the audited financials for the Financial Year 2022-23:

I. Lending policy:

The policy reflects the approach towards lending in the light of aims and objectives of IIFCL, current business environment, regulatory stipulations and its overall business objectives. This policy lays down broad approaches taking into account Risk Policy, which IIFCL adopts in respect of credit processes, credit risk management, control & monitoring and is also supplemented by other specific circulars, manuals & guidelines as may be issued from time to time. The lending process is as follows: (i) loan application by the prospective borrower; (ii) credit appraisal for assessing their creditworthiness; (iii) project appraisal on technical and financial feasibility and debt servicing capability and project execution abilities; (iv) sanction letter with loan sanction including quantum of funding, pre-commitment conditions, pre-disbursement and post-disbursement conditions; (v) process of loan documentation and execution; (vi) funds are disbursed to the borrower for development and/or construction of infrastructure projects after all conditions met; and (vii) on going monitoring and periodic evaluation of compliances of the projects, including any risk or deviation.

IIFCL has a robust system of monitoring and collection. The project monitoring process of the IIFCL involves (i) Site Visit to Projects (physically or virtually or through Online project monitoring system (OPMS) as the case may be) (ii) Obtaining of Financial statements at regular intervals (iii) Exchange of information with other lenders (iv) Consortium meeting (v) Lender Independent engineer report (vi) Rating – External and Internal (vii) Annual review of accounts (viii) Time to time verification of RBI's defaulters list and reports from CIBIL /other credit information agencies (ix) Market report (x) Filings with Stock Exchange/ SEBI/ROC as and when it is publicly available. IIFCL also monitors and controls the stressed accounts by conducting periodical review and referring status notes to the Delegated Authorities for directions. The status of overdue in the accounts is reviewed by default review committee periodically. Further, High Risk accounts (SMA – II) which are showing signs of slipping into sub-standard category are reviewed from time to time.

The Guidelines relating to recovery, restructuring, various recovery measures including Legal action, sale of assets to ARC or other eligible institution etc. shall be as per Recovery Policy on NPA Management of IIFCL.

II. Classification of loans/ advances given to associates, entities/ person relating to board, senior management, promoters, others, etc.:

11.18 Letter(s) of Allotment/ Refund Order(s)

After completion of all legal formalities, the beneficiary account of the Investor(s) with NSDL/CDSL/ Depository Participant will be given initial credit within applicable timelines as per Applicable Law. The initial credit in the account will be akin to the letter of Allotment.

11.19 Debentures to be issued in Demat format only

The Debentures since issued in electronic (dematerialized) form, will be governed as per the provisions of the Depository Act, 1996, Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996, rules notified by NSDL/ CDSL/ Depository Participant from time to time and other Applicable Laws and rules notified in respect thereof. The Debentures shall be allotted in Demat form only.

11.20 Depository Arrangements

Issuer has entered into depository arrangements with NSDL and CDSL. The securities shall be issued in dematerialized form as per the provisions of Depositories Act, as amended from time to time.

Issuer has signed two tripartite agreements in this connection viz.

1. Tripartite Agreement to be executed between Registrar, Company and CDSL.
2. Tripartite Agreement to be executed between Registrar, Company and NSDL.

The Debentures will be issued in dematerialised form and the same shall be in accordance with the provisions of the SEBI NCS Regulations, Depositories Act, 1996 and the regulations made thereunder and are to be issued as per the terms and conditions stipulated under this General Information Document.

11.21 Procedure for applying for Demat Facility

1. Investor(s) should have/open a beneficiary account with any Depository Participant of NSDL and CDSL.
2. For allotment of Debentures in dematerialized form, the beneficiary account number and depository participants ID shall be specified in the relevant columns of the Application Form.
3. If incomplete/incorrect beneficiary account details are given in the Application Form which does not match with the details in the depository system, the Allotment of Debentures shall be held in abeyance till such time satisfactory demat account details are provided by the Investor.
4. The Debentures allotted to the Investor in dematerialized form would be directly credited to the beneficiary account as given in the Application Form after verification. Allotment advise/refund order (if any) would be sent directly to the Applicant by the Registrar to the Issue but the confirmation of the CREDIT of the Debentures to the Investor's Depository Account will be provided to the Investor by the Investor's DP.
5. Interest or other benefits with respect to the Debentures held in dematerialized form would be paid to those Debenture Holder(s) whose names appear on the list of Beneficial Owner(s) given by the Depositories to the Issuer as on the Record Date and their names are registered as Debenture Holder(s) on the registers maintained by Issuer/Registrar. In case, any Beneficial Owner(s) is not identified by the Depository on the Record Date due to any reason whatsoever, Issuer shall keep in abeyance the payment of Interest or other benefits, till such time the Beneficial Owner(s) is identified by the Depository and intimated to the Issuer. On receiving such intimation, Issuer shall pay the Interest or other benefits to the Beneficial Owner(s) identified, within a period of 15 days from the date of receiving such intimation.
6. Investors may please note that the Debentures in dematerialised form can be traded only on the Stock Exchanges having electronic connectivity with NSDL or CDSL.

11.22 Fictitious applications

Any person who makes, in a fictitious name, any application to a body corporate for acquiring, or subscribing to, the Debentures, or otherwise induced a body corporate to allot, register any transfer of Debentures therein to them or any other person in a fictitious name, shall be punishable under the Applicable Laws.

The market lot for the trading of Debentures will be one Debenture (“**Market Lot**”).

11.24 Trading of Debentures

The marketable lot for the purpose of trading of Debentures shall be One (1) Debenture. Trading of Debentures would be permitted in dematerialised mode only in the standard denomination of Rs 1,00,000 and such trades shall be cleared and settled in the Stock Exchange(s) subject to conditions specified by SEBI. In case of trading in Debentures which has been made over the counter, the trades shall be executed and reported on the Stock Exchange having a nation-wide trading terminal or such other platform as may be specified by SEBI.

11.25 Mode of Transfer of Debentures

The Debentures shall be transferred subject to and in accordance with the rules/ procedures as prescribed by the NSDL/ CDSL/ Depository Participant of the transferor/ transferee and any other Applicable Laws and rules notified in respect thereof. The normal procedure followed for transfer of securities held in the dematerialized form shall be followed for transfer of these Debentures held in electronic form. The seller should give delivery instructions containing details of the buyer’s DP account to his/its Depository Participant.

Transfer of Debentures to and from foreign investors, in case they seek to hold the Debentures and are eligible to do so, will be governed by the then prevailing guidelines of RBI and SEBI. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, Interest will be paid/ Redemption will be made to the Person, whose name appears in the records of the Depository. In such cases, claims, if any, by the transferee(s) would need to be settled with the transferor(s) and not with Issuer.

11.26 Interest on Application Money

Interest on application money will be paid at Coupon Rate (subject to deduction of income tax under the provisions of the Income Tax Act, 1961, or any other statutory modification or re-enactment thereof, as applicable) on face value of Debentures for the period starting from and including the date of realization of application money in Issuer’s bank account up to one day prior to the Deemed Date of Allotment. To clarify in case the Deemed Date of Allotment and date of receipt of application money is same, no Interest on application money will be payable.

11.27 Interest on the Debentures

The Debentures shall carry Interest at the Coupon Rates as per Term Sheet (subject to deduction of tax at source at the rates prevailing from time to time under the provisions of the Income Tax Act, 1961, or any other statutory modification or re-enactment thereof for which a certificate will be issued by Issuer) on the outstanding principal amount of Debentures till final Redemption. The credit will be made in the bank account linked to the Depository account only.

Pursuant to the SEBI Master Circular, if any Interest Payment Date falls on a day which is not a Working day, then payment of Interest will be made on immediately following day that is a Working day without Interest for such additional days. However, the dates of the future Interest payments would continue to be as per the schedule originally stipulated in the General Information Document.

In the case of joint holders of Debentures, Interest shall be payable to the first named Debenture Holder(s).

It is clarified that Interest/Redemption payments with respect to Debentures, shall be made only on the Working days when the commercial banks are functioning in New Delhi.

11.28 Computation of Interest

The Debentures will carry Interest rates as per the Term Sheet from the Deemed Date of Allotment. The Interest will be paid from the Deemed Date of Allotment (subject to deduction of tax at source at the rates prevailing from time to time under the IT Act, or any other statutory modification or re-enactment thereof) as per Term Sheet. The Interest shall be computed on “Actual / Actual” day count basis.

11.29 Mode of Payment of Interest

Payment on Interest will be made by way of cheque(s)/ redemption warrants(s)/ demand draft(s)/ CREDIT through RTGS or NEFT system in the name of the Debenture Holder(s) whose name appear on the list of Beneficial Owner(s) given by Depository to Issuer whose names are registered on the register maintained by the Registrar as on the Record Date.

11.30 Record Date

Record date of Interest shall be 15 calendar days prior to each Interest Payment Date and 15 calendar days prior to the date of Maturity. Interest shall be paid to the Person whose name appears as sole/first in the Register of Debenture Holder(s)/beneficiaries' position of the Depositories on Record Date or to the Debenture Holder(s) who have converted the Debentures to physical form and their name is registered on the registers maintained by Company/Registrar. In the event of Issuer not receiving any notice of transfer at least 15 days before the respective due date of payment of Interest and at least 15 days prior to the maturity date, the transferees for the Debenture shall not have any claim against Issuer in respect of Interest so paid to the registered Debenture Holder(s).

11.31 Deduction of Tax at Source

Tax as applicable under the Income Tax laws or any other statutory modification or re-enactment thereof will be deducted at source. The Investor(s) desirous of claiming exemption from deduction of income tax at source on the Interest on application money are required to submit the necessary certificate(s), in duplicate, along with the Application Form in terms of Income Tax rules.

Interest payable subsequent to the Deemed Date of Allotment of Debentures will be treated as “Interest on Securities” as per Income Tax Rules. Debenture Holders desirous of claiming exemption from deduction of income tax at source on the Interest payable on Debentures should submit tax exemption certificate/ document, under Section 193 of the Income Tax Act, 1961, if any, at the Registered/Corporate Office of IIFCL, at least 30 days before the payment becoming due.

Regarding deduction of tax at source and the requisite declaration forms to be submitted, prospective investors are advised to consult their own tax consultant(s).

11.32 Redemption

The face value of the Debentures will be redeemed at par, on the expiry of the tenor of the Debentures as per details in the Term Sheet from the Deemed Date of Allotment. The Debentures will not carry any obligation, for Interest or otherwise, after the Redemption Date. The Debentures shall be taken as discharged on payment of the Redemption amount by Issuer on maturity to the registered Debenture Holder(s) whose names appear in the Register of Debenture Holder(s) on the Record Date/ or the Beneficial Owner(s) as per the list provided by the Depositories. Such payment will be a legal discharge of the liability of the Issuer towards the Debenture Holder(s).

In case if the Redemption Date falls on a day which is not a Working Day, then the payment due shall be made in accordance with SEBI Master Circular, as amended from time to time. It is clarified that Interest/Redemption with respect to Debentures, Interest/Redemption payments shall be made only on the Working Days when the commercial banks are functioning in New Delhi.

11.33 Settlement/ Repayment on Redemption

Payment on Redemption will be made by way of cheque(s)/ redemption warrants(s)/ demand draft(s)/ CREDIT through RTGS or NEFT system in the name of the Debenture Holder(s) whose name appear on the list of Beneficial Owner(s) given by Depository to Issuer and whose names are registered on the register maintained by the Registrar as on the Record Date. The credit will be made in the bank account linked to the depository account only.

The Debentures shall be taken as discharged on payment of the Redemption amount by Issuer on maturity to the list of Debenture Holder(s) as provided by NSDL/ CDSL/ Depository Participant. Such payment will be a legal discharge of the liability of Issuer towards the Debenture Holder(s). On such payment being made, Issuer shall inform NSDL/ CDSL/ Depository Participant and accordingly the account of the Debenture Holder(s) with NSDL/ CDSL/ Depository Participant shall be adjusted.

Issuer's liability to the Debenture Holder(s) towards all their rights including for payment or otherwise shall cease and stand extinguished from the Redemption Date in all events. Further Issuer will not be liable to pay any Interest or compensation from the Redemption Date. On crediting the amount to the Beneficiary(s) as specified above in respect of the Debentures, the liability of Issuer shall stand extinguished.

11.34 Right of Debenture Holder(s)

A Debenture Holder is not a shareholder. The Debenture Holder(s) will not be entitled to any other rights and privilege of shareholders other than those available to them under statutory requirements. The Debenture(s) shall not confer upon the holders the right to receive notice or to attend and vote at the General Meeting of the Issuer. The principal amount and Interest on the Debentures will be paid to the registered Debenture Holder(s) only and in case of Joint holders, to the one whose name stands first.

Besides the above, the Debentures shall be subject to the provisions of the Companies Act, 2013, the relevant rules and regulations, the Articles of Association of IIFCL, the terms of the issue of Debentures and the other terms and conditions as may be incorporated in the Debenture Trustee Agreement and other Transaction Documents that may be executed in respect of these Debentures.

11.35 Effect of Holidays

'Working day' shall be the day on which Commercial banks are functioning in New Delhi. If the Interest Payment Date/Redemption doesn't fall on a Working Day, then payment of interest/principal amount shall be made in accordance with SEBI Master Circular.

If the Interest payment day doesn't fall on a Working Day, the payment of Interest up to original scheduled date will be made on the following Working Day, however, the dates of the future Coupon Payment would be as per the schedule originally stipulated at the time of issuing the security.

If the Redemption Date (also being the last Coupon Payment Date) of the Debentures falls on a day that is not a Working Day, the Redemption proceeds shall be paid by the Issuer on the immediately preceding Working Day along with Interest accrued on the Debentures until but excluding the date of such payment.

It is clarified that Interest/Redemption with respect to Debentures, interest/redemption payments shall be made only on the days when the commercial banks are working in New Delhi.

If the Record Date falls on a day which is not a Working Day, the immediately succeeding Working Day will be considered as the Record Date.

11.36 List of Beneficial Owner(s)

Issuer shall request the Depository to provide a list of Beneficial Owner(s) as at the end of the Record Date. This shall be the list, which shall be considered for payment of Interest or repayment of the principal amount, as the case may be.

11.37 Succession

In the event of the demise of the sole/first holder of the Debenture(s) or the last survivor, in case of joint holders, for the time being, Issuer will recognize the executor or administrator of the deceased Debenture Holder(s) or the holder of succession certificate or other legal representative as having title to the Debenture(s). Issuer shall not be bound to recognize such executor or administrator, unless such executor or administrator obtains probate, wherever it is necessary, or letter of administration or such holder is the holder of succession certificate or other legal representation, as the case may be, from a Court in India having jurisdiction over the matter. Issuer may, in its absolute discretion, where it thinks fit, dispense with production of probate or letter of administration or succession certificate or other legal representation, in order to recognize such holder as being entitled to the Debenture(s) standing in the name of the deceased Debenture Holder(s) on production of sufficient documentary proof or indemnity.

Where a non-resident Indian becomes entitled to the Debentures by way of succession, the following steps have to be complied:

- a. Documentary evidence to be submitted to the Legacy Cell of the RBI to the effect that the Debenture was acquired by the NRI as part of the legacy left by the deceased holder.
- b. Proof that the NRI is an Indian National or is of Indian origin.

Such holding by the NRI will be on a non-repatriation basis.

Consent letter bearing reference no. 46009/CL/MUM/23-24/DEB/446 dated January 31, 2024 conveying their consent to act as Debenture Trustee for the current issue of Debentures, is enclosed as Annexure I in this General Information Document.

Issuer hereby undertakes that the rights of the Debenture Holder(s) will be protected as per the agreement/deed executed/to be executed between Issuer and the Debenture Trustee. The Debenture Trustee Agreement/Deed shall contain such clauses as may be prescribed under Section 71 of the Companies Act, 2013, Companies (Share Capital and Debentures) Rules, 2014 and those mentioned in Schedule IV of the Securities and Exchange Board of India (Debenture Trustees) Regulations, 1993. Further, the Debenture Trustee Agreement/Debenture Trust Deed shall not contain any clause which has the effect of (i) limiting or extinguishing the obligations and liabilities of the Debenture Trustee or Issuer in relation to any rights or interests of the Debenture Holder(s); (ii) limiting or restricting or waiving the provisions of the SEBI Act; SEBI NCS Regulations and circulars or guidelines issued by SEBI; and (iii) indemnifying the Trustees or Issuer for loss or damage caused by their act of negligence or commission or omission.

The Debenture Holder(s) shall, without further act or deed, be deemed to have irrevocably given their consent to the Debenture Trustee or any of their agents or authorized officials to do all such acts, deeds, matters and things in respect of or relating to the Debentures as the Debenture Trustee may in their absolute discretion deem necessary or require to be done in the interest of the Debenture Holder(s). Any payment made by Issuer to the Debenture Trustee on behalf of the Debenture Holder(s) shall discharge Issuer *pro tanto* to the Debenture Holder(s). The Debenture Trustee shall protect the interest of the Debenture Holder(s) in the event of default by Issuer in regard to the timely payment of Interest and repayment of principal and shall take necessary action at the cost of Issuer. No Debenture Holder(s) shall be entitled to proceed directly against Issuer unless the Debenture Trustee, having become so bound to proceed, fail to do so. In the event of Issuer defaulting in payment of Interest on Debentures or Redemption thereof, any distribution of dividend by Issuer shall require the approval of the Debenture Trustee.

SECTION XX
UNDERTAKING REGARDING COMMON FORM OF TRANSFER

The Debentures shall be transferred subject to and in accordance with the rules/ procedures as prescribed by the NSDL/CDSL/Depository Participant of the transferor/ transferee and any other Applicable Laws and rules notified in respect thereof. The normal procedure followed for transfer of securities held in the dematerialized form shall be followed for transfer of these Debentures held in electronic form. The seller should give delivery instructions containing details of the buyer's DP account to his Depository Participant. The transferee(s) should ensure that the transfer formalities are completed prior to the Record Date. In the absence of the same, Interest will be paid/ Redemption will be made to the Person, whose name appears in the records of the Depository. In such cases, claims, if any, by the transferee(s) would need to be settled with the transferor(s) and not with Issuer.

In case of delay in execution of Debenture Trust deed, the Issuer will refund the subscription with agreed rate of Interest or pay penal Interest of 2% p.a. over the Coupon Rate till these conditions are complied with at the option of Investor.

In case of default in payment of Interest and/or principal Redemption on the due dates, additional rate of Interest of 2% p.a. over the Coupon Rate will be payable by Issuer for the defaulting period.

The Issuer shall complete all the formalities and seek listing permission within stipulated time. In case of delay in listing of the Debentures beyond specified timelines, the Issuer shall pay penal Interest of at least 1% over the Coupon Rate for the period of delay to the Investor (i.e. from the date of allotment to the date of listing) and shall be permitted to utilise the issue proceeds of its subsequent two privately placed issuances of securities only after receiving final listing approval from Stock Exchange(s).

In case of delay in allotment our Company shall pay Interest as per applicable rate of Interest.
