Information Sought :	I am writing to inquire about the status of the examination for the recently announced IIFCL Manager Grade B recruitment, for which I have successfully completed the application process (Registration Number: 600000424). I have been sincerely preparing for this examination and possess the necessary skills and qualifications for the role. However, the examination date has not been updated for quite some time. Given that the application fee has already been paid, I would be grateful if you could confirm whether the examination is scheduled to be conducted this year. Your response will help me plan accordingly and stay prepared.
